Injured vets get more assistance

The Department of Defense has opened the Military Severely Injured Joint Support Operations Center, a 24/7 service to help severely injured servicemembers find jobs and answer questions they and their families might have.

The MSIJSO Center offers help through a toll-free number, (888) 774-1361.

The DoD also has partnered with Military.com to provide an online Career Center designed to connect severely injured servicemembers with benefits, resources and employment opportunities to help ease their transition.

The Career Center can be found at <http://www.military.com/support> on the Web.
